Pleasant Portrait of Van Alen.

Newport Letter. J. J. Van Alen is known as one of the most snobbish of Newport's 400. He has Metropolitan Street Ry.147% 147% 147 many of the traits of William Waldorf | Pacific Mail Astor, the expatriated American whose hopes were so bitterly disappointed when King Edward failed to elevate him to the British aristocracy at the time of the coronation. Like him he has declared that America is not a fit place for a gentleman to live in, and, though he has never considered becoming a British citizen, his dearest wish has been that his two daughters might marry into the British aristocracy. He strongly opposed the matrimonial selection of his son, J. Lawrence Van Alen, who married Miss Daisy Post, and that of his daughter, Miss Sara, who was recently wedded to Robert J. Collier. He could not be moved in his opposition to the engagement of May to Mr. Remington. The late William Astor was as greatly opposed to the wedding of his eldest daughter with Mr. Van Alen, and never became reconciled to him. Mrs. Van Alen never returned to this country after her mar-

A Rapid Promotion.

Washington Post. The friends of Miss Mildred B. Dodge, of the rural free delivery system. Postoffice Department, are congratulating her upon her recent promotion. Miss Dodge was formerly a resident of Carmel, Me. and was appointed to the service April 1. 1902, at a salary of \$900. Adaptability and industry resulted in a promotion the following January to a \$1,200 position, and on the 9th instant she received a further promotion to a \$1,400 clerkship, and is now acting chief of the division of accounts. the chief of that division being abroad. Such rapid advancement of one so new in the service is highly complimentary, and it is unusual to find a lady performing the duties of chief of a division. Miss Dodge resides with her parents at the Albemarle, American Can pfd 51

A VERY REPRESSIVE INFLUENCE ON SPECULATION IN STOCKS.

Heavy Demand for Currency from the West-A Few Noteworthy Points of Strength in the Market.

lative disappointment caused by yesterday's reduction of the dividend on Reading first preferred and the anxiety over continued depletion of banking reserves through the interior demand for currency were responsible for the pause in speculative activity. It was apparent that some sharp loss was caused by the plunging in Reading yesterday before the dividend reduction was announced, and in Atchison the day before, previous to the report of the shrinkage in July net earnings. There was some further selling in these stocks to-day, and Illinois Central reacted sharply from yesterday's show of strength. After pressure to sell by disgusted holders on margin had relaxed, prices were pushed up here and there was a rather sustaining effect on the rest of the market. No stocks of the first grade were concerned in this movement, which was confined to minor railroad stocks and to some rarely active specialties, notably the gas stocks and the express stocks. Talks of consolidation accompanied the rise in both cases. Sloss-Sheffield steel's strong rise was unexplained. The upward movement in Canadian Pacific seemed to due to reports of the redemption of the company's land-grant bonds. The Toledo. St. Louis & Western stocks, the Wisconsin Central stocks and the St. Joseph & Grand Island stocks enjoyed the benefit of the revival of old rumors of absorption by stronger interests. Colorado Fuel's early break on the proclamation of renewed hostilities between the contending interests in the property was followed by a violent recovery and again by reaction. The undertone of the market was decidedly improved after

The improved feeling was partly due to the reports current of measures in contemplation for the relief of the financial situalarge banks were concerting measures to secure by purchase or borrowing a sufficient increase in holdings of government bonds to enable them to expand their note | ture. This advance is due to the redempcirculation to a substantial degree. It is Real Estate Mortgages, Bonds hoped that bank notes can be shipped to the interior to meet the demand for circulation and thus afford protection to the reserves | Wisconsin Central and St. J. & G. I. were of lawful money with the banks. It was asserted that preparation had been made by the Treasury Department to supply promptly the demand for new bank notes, which is supplied very slowly as a rule, owing to the time consumed in engraving and printing notes. It has been supposed that the available supply of government bonds had been pretty well put off the market, but the belief that the available means for releasing surplus government funds to the market have about been exhausted has stimulated efforts to find other means of relief. The deposits at the subtreasury for transfer to the interior to-day amounted to \$400,000, of which \$200,000 was for New Orleans and \$200,000 for San Francisco. Without counting to-day's operations the subtreasury has absorbed from the market since last Friday \$5,272,000. The movement of currency through the regular express channels is believed to have been heavily against New York also. It is evident, therefore, that a speedy exhaustion of the margin of surplus reserves of the clearing house banks is threatened.

disposition toward the revival of enthusi-

the division of redemption, shows:

Market Generally Stronger than on Wednesday, Except Early.

[Meyer & Kiser's Telegram.] New 219. | the early pressure relaxed, but there was no | tone of yesterday was carried into the early asm with which stocks recently have been part of the session, and most issues were from a half to one point lower, but a rally strength displayed by Southern Pacific A report was formulated that the caused a firmer tone in the market of the day. Canadian Pacific, with an advance of over 2 points, was singled out as a feation of some land bonds. Among the specialties Toledo, St. Louis & Western, the strong and active stocks. C. F. I. and T. C. I. were strong. The former moved in wild fashion as in previous days. Among the local securities Consolidated Gas was well bought, with an advance of several points. Call money was a shade lower, and the news as regards the financial situation was that the secretary of the treasury may possibly issue notes in case the national banks throughout the country should be called on heavily for moving the crops. In a general way the market was professional, as heretofore, and the irregularity prevailing was in consequence of the evening up

Labor Day a Deterrent Influence.

of contracts over the holidays.

[Granger Farwell & Co.'s Telegram.] NEW YORK, Aug. 28.-The market showed the near approach of the Labor day holiday in decreased transactions. There was considerable evening up and ports that corn is out of danger in the Southwest caused better and more bullish feeling in railroads in that section, and | hogs, 3,979; sheep, 3,611. sentiment is for higher prices next week, unless the money market should interfere.

THE LIVE STOCK MARKETS

PRIME FAT CATTLE ABOUT STEADY; OTHER GRADES LOWER.

Hogs Fairly Active and Ten to Twenty Cents Lower-Sheep Steady-Condition of Other Markets.

UNION STOCKYARDS, INDIANAPOLIS, Aug. 28.-Cattle-Receipts, 1,600; rhipments, 200. The receipts to-day were comparatively liberal, especially for Thursday market, and were nearly twice as large as a week ago and 500 larger than a year ago. A large proportion of the arrivals were on the feeder order, but, of course, there \$4.75@8.25; cows and helfers, \$3@5.25; Western were more fat cattle than heretofore this week. The market opened with a reasonably steady dequality, fat and weight, and sales of that class Heavy, \$7.15@7.40; mixed, \$7.20@7.40; light, \$7.40 were usually at yesterday's prices. Occasionally, @7.50; pigs, \$5@7; bulk of sales, \$7.25@7.30.

however, salesmen claimed that the tendency Sheep-Receipts, 4.500. Market steady. Fed however, salesmen claimed that the tendency Sheep-Receipts, 53.50@4; wethers, \$3.15@3.65; muttons, yearlings, \$3.50@4; wethers, \$3.15@3.65; was lower. On account of the very large sup- ewes, \$2.75@3.40; common and stockers, \$2@3.50; ply of stockers and feeding cattle, and no im- lambs, \$3.50@5.25. provement in the demand from country buyers, the market for that class was weak and slow, and sales, for the most part, were at lower \$7.80@7.85; two decks at \$7.97; mixed, \$7.70@ prices, variously estimated at 10@25c below yesterday. It was impossible to find an outlet for all the supply, and the outlook for to-morrow is not very encouraging to salesmen. Quotations:

OTHER GRAINS, HOWEVER, CLOSE AT VERY MARKED DECLINES.

Changes Are from 1 1-Sc Down in Corr to 1-2c Up in Oats-Provisions Also Show Heavy Losses.

CHICAGO, Aug. 28.-Bright weather generally was the bearish factor in grains today. All cereals suffered recessions at the start, on general and free liquidation by rein. Later there was something of a natural reaction, especially in oats. The close, however was weak in the main, September wheat %@lc down, corn 1%c lower and oats 1/2 higher. Provisions closed off 15@ Wheat ruled weak and was active only

in spots. With lower cables and weather ures that have existed all week. The demand a good amount of long selling early, and comes from local butchers and is limited entirely | prices took a quick tumble. There was wheat soon and good prospects for a little new wheat was reported under way. Fol- white, new, 36c. Rye easier at 16c. Pork lower, lowing weeks of adverse weeks at lower at lowing weeks of adverse weather the sunview and stop loss selling orders came out After the break, however, there was good buying at times. September felt the most strain because of poor support. Late cash business was fair, and the seaboard reported thirty-eight logds taken for export. In general the aspect of the wheat market indicated that the big longs wanted to get out of the market before it found a lower level, and the support was largely by those who covered for a profit. September started 1/20% c lower, at 70% 070% c, dipped to 69% c and then fluctuated narrowly, closing weak and %c lower, at 69% @70c. Local recelpts were 239 cars, 2 of contract grade. Minneapolis and Duluth reported 316 cars, a total of 555, against 500 last week and 798 a year ago. Primary receipts were Light pigs and skips...... 6.00@7.00 936,000 bu, against 1,243,000 last year. Sea- American refined in palls firm at 53s 6d. . 6.00@7.25 board clearances in wheat and flour equaled KANSAS CITY, Aug. 28.-Wheat-September

er cables and reports of free offerings. Receipts were still light at 29 cars, one of contract grade, but promises were for a much better showing. The crowd turned uniformly bearish at the opening, and on the initial slump September was at one time 2c depressed. Almost everyone in the pit had stuff for sale. In general the speculators in this pit thought manipulation in September was at an end, but a latent fear that such might not prove the case held this option somewhat nervous and subject to quick fluctuations on any definite news. Kansas City sent out conflicting reports that plenty of corn would be offered there within fifteen days, but that new corn would not grade until Oct. 15. There was no doubt, however, that there was selling pressure on the Southwest markets because of news of new offerings. September sold from 57c to 551/2c in the first few minutes of trade, but rallied to 56%c on fairly good covering. Late fluctuations were narrow and September closed weak, %c lower, at 56%c.

Oats displayed the best strength of the grains, and ruled strong after an early dip. The opening break was in sympathy with the other grains and on fine weather. Excellent buying by cereal concerns, however, put a firm tone in the pit. Shorts covered to some extent, and prices reacted sharply. September sold from 32%c to 32%c early, advanced to 33%c and closed firm 1/2c up, at 33%c. Receipts were liberal at

Weakness in the hog and grain markets worked against provisions. Early in the day there was an effort on the part of packers to support the market, but free offerings resulted from the general bearish sentiment on the floor, and there were marked slumps all along the line. September pork, which sold at \$17.171/2, closed 15c down, at \$16.95; lard lost 321/2c and closed at \$10.50, and ribs closed 221/2c off, at \$9.971/2. Estimated receipts for to-morrow: Wheat,
